

Tensor Flock: A Short Description of this Language

February 2, 2018

1 Introduction

Introduction!

2 Syntax

Types

type name	description
int	cell2
double	cell5
bool	cell8
etc	etc

Arithmetic Operators

operator	description
+	scalar and matrix multiplication
-	scalar and matrix subtraction
*	scalar and matrix multiplication
/	scalar division
%	scalar mod
etc	etc

Relational Operators

operator	description
>	greater than
<	less than
>=	greater than or equal to
<=	less than or equal to
==	equal to
!=	not equal to

Functions?

3 Sample Code

blah
